

TRAVEL SUBSIDY POLICY

SUMNER RUNNING CLUB

The Sumner Running Club supports the achievement of club members gaining selection by provincial and national bodies for representative teams. The Club will endeavor to subsidize the travel costs of any member selected to represent Canterbury or a team at a higher level. The following criteria govern the subsidies available to the athlete:

- Eligible events for which the travel subsidy may be granted will be limited to the following types: Cross-country; Track & Field; and Road.
- Each year a total of \$1000 will be allocated in the annual budget for travel subsidies and paid into a separate account by the 1st of May. Any unspent funds will be carried over to the following year with a further \$1000 budgeted as well.
- Subsidies per athlete will be up to 1/3 of the travel and accommodation costs incurred by the individual for attending that event.
- Subsidies may be scaled back to ensure the total requests do not exceed the \$1000 limit.

Notwithstanding the above criteria, the club committee may elect to provide a further travel grant to members who apply directly to the club for assistance due to the special circumstances surrounding their event or selection.
